	Appendix C: Specific requirements for recycling center (ÅVC)		
<b>Issued by</b>	<b>Approved by/manager</b>	<b>Date</b>	<b>Edition</b>
The safety committee	Sven Carlsson	25 February 2019	01

## **Appendix C: Specific requirements for recycling centre (ÅVC)**

- High-visibility clothing and safety shoes must be worn when working at one of our recycling centres (ÅVC).
- Work clothes must always consist of long-leg, high-visibility trousers.
- For study visits, visitors must wear a high-visibility vest printed with “Besökare” (Visitor). Safety shoes and full protective clothing are not required. Visitors may venture out into our recycling centres (ÅVCs) only when accompanied by a member of staff.
- Waste must not be disposed of anywhere other than the location designated for the fraction. Waste must be sorted according to HMAB’s sorting instructions, which can be found at [www.hassleholmmiljo.se](http://www.hassleholmmiljo.se). If you are uncertain, contact the recycling centre (ÅVC) staff.
- The removal of equipment or material from the area is strictly prohibited. This is considered as theft and will be reported to the police.
- HMAB is not responsible for any accompanying children or animals. To avoid injury, they must remain in the vehicle while you are in the area.
- Work with asbestos must be conducted from vehicles equipped with approved filters. If work has to be done outside the machine, a full suit and mask must be worn and then disposed of in the fraction for asbestos. The vehicle must then be driven through the tyre wash.
- Protective gloves, safety goggles, and mouthguards must always be used alongside full clothing when working with hazardous waste.
