Appendix D: Specific requirements regarding Drevet 4

Personal safety equipments

- When visiting our production facilities, safety shoes must be used.
- When tasks are performed close to hot surfaces or hot material, or when there is a risk of injury, full-covering safety clothes must be used. The safety clothes should be at least half reflecting clothing.
- During a study visit, visitors should have reflective vests with e.g. the text Besökare. There is no obligation to wear safety shoes or full-cover safety clothes.

Specific areas

- Work at Drevet 4 takes place at areas designated by HMAB.

General information

- The speed limit throughout the area is 20 km/h if nothing else is announced. Pay attention to crossing vehicles.
- Defibrillator is located at the entrance of the canteen at Drevet 4.
