WATER
AQUA-LIFE

Aqua-Life has existed since time immemorial, it has even met dinosaurs and Vikings! It does not collect any rubbish but controls all the water in the world. Aqua-Life always bring its natural rubber bath duck Quack, together they help to make sure that the drinking water is clean and that it is transported to our tap so we can drink it. They also help Towalett transport her waste to the treatment plant. Aqua-Life can be in different forms, steam, liquid and ice, but prefers to be in liquid form as it feels most flexible.

BATTERIES
BATTMAN

Battman is a guy who likes to be fully charged. Once his energy starts to run out he goes on a hike to try to find some new batteries. There are lots of different types of batteries, but the batteries Battman likes best are the small button batteries. Batteries are often small and they can be hard to find. Fortunately, Battman has a lot of energy and can go on searching for a long time.

ELECTRIC WASTE
ELLI

Elli loves electrical stuff. Mobile phones, Ipads, Walkie Talkies and hair irons – she collects anything she can get her hands on. The small antennas on her head can detect every tiny vibration from electronic waste. That certainly helps a lot when Elli goes on her hunting trips. She also likes hugging, although, the other monsters aren't too fond of it, they are a bit afraid of being shocked by her.

HAZARDOUS WASTE
HAZARDO

Hazardo is a dangerous little girl. She gets mad and stings like a bee whenever she doesn't find her hazardous waste. Her tail turns into a fuse cord whenever it happens. She loves old nail polish and spray cans. Sometimes, knowing what hazardous waste can be tricky, but Hazardo always knows what she likes and what she doesn't.

COMBUSTIBLE
THE FLAME

Fire and heat is what makes The Flame happy. She collects all of the stuff that no one else wants to have. Diapers, tooth brushes and pacifiers are things that she really likes. The Flame really appreciates her friends Cartoony and Plastico since they can help her by gathering all the paper and plastic packaging. Instead, she can sit back and collect only the stuff that is supposed to be burned off, like old DVDs.

THE RECYCLING MONSTERS

CLEAR GLASS
GLASS-CLEARY

Glass-cleary shimmers and sparkles, a beautiful glass bulb as she is. With the help of her big pretty eye she can scan the surroundings as she searches for clear glass. Her little wings enables her to hover the broken glass as she is searching for the finest bottles and cans. Glass-cleary also loves jam and when she has eaten all the jam she gathers the cans so that they can become new cans. Exciting, isn't it.

COLOURED GLASS
GLASSCO

Glassco loves coloured glass but he is also a bit afraid of hurting himself on broken glass. With his six skinny legs he sneaks around in trash cans and containers to find the finest bottles and cans made out of coloured glass. Glassco kind of thinks he is the cutest monster of them all, with his three eyes and six legs. When no one else is watching he likes to mirror and admire himself in the glass bottles that he has found.

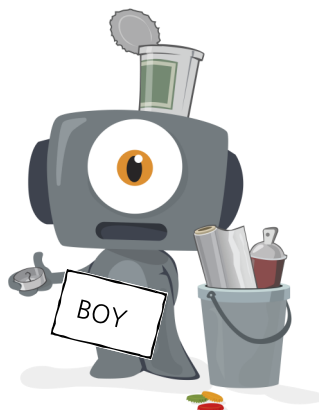

FOOD WASTE
COMPOSTINE

Banana peels, egg shells and pasta – Compostine collects any food she can get her hands on. But she also knows the importance of reducing food waste and that's why she gets particularly happy when she finds food that humans can't eat. Compostine is always happy and if you hear a cooing sound it's probably Compostine's belly screaming for food. She also fills the air with a lovely smell wherever she goes, that's why her friends, Bill and Bull, two tiny flies, follow her wherever she goes. And since Compostine is an organic monster a beautiful flower always grows on top of her head.

LIGHT SOURCES
LIGHTY

Lighty really is terribly afraid of the dark, he believes scary monsters hide in the dark. On top of his head he has a LED-light bulb and he always carries a strip light in his hand. Whenever it gets dark, Lighty lights up. Did I mention that Lighty is a bit afraid? Then it's pretty convenient too to have three eyes. You see, Lighty always keeps one of his eyes open, in that way he can always look out for dangers, even when he is asleep.

METAL
METALLIKA

Metal is Metallika's favourite material. He collects anything that feels firm and that sounds when you knock on it. The best thing he knows is tin cans. With his home-made hat on his head Metallika feels he is the best looking monster of them all. And hey, what's better looking than shiny metal

THE RECYCLING MONSTERS

LANDFILL
NOVA-CRUSH

Broken glass, porcelain and clay pots are all objects that Nova-Crush really likes. Back in the days most people didn't really know how to sort their waste and all kinds of garbage ended up in Nova-Crush's stomach. She had her hands full back then and she didn't feel too well either. However, today the waste sorting has become a lot better and that also brings Nova-Crush great joy. But whenever something that aren't supposed to be given to her ends up in her stomach, she can feel a bit of pain.

PAWN
THE PAWNTOM

The Pawntom collects all the cans and bottle that have the deposit mark on them, even Pawntom has a mark on her so she shouldn't be mixed with Plastico and Metallika. With her four arms she picks up cans and bottles at a speedy speed, on her two top arms she has coves that attracts all the cans and bottle with a deposit. The Pawntom is quite brittle and loves adventures with pawn hunts. She is so proud because in Sweden we are among the best in the world to use the pawn-system.

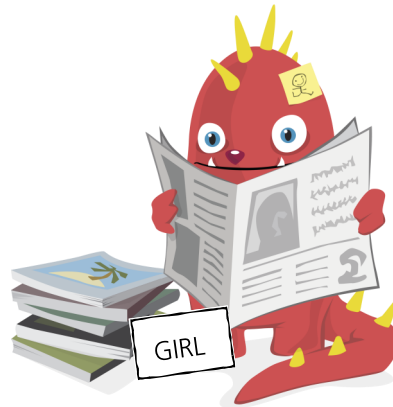

PAPER PACKAGING
CARTOONY

Paper is all around us and Cartoony likes to collect any old paper packaging. Milk packs, egg packs and shoe boxes are some of his favourite things. Cartoony's most precious belonging is an old fruit box which he found when he was little. He loves the fruit box so much that he carries it around wherever he goes. Since Cartoony is easily scared it's very convenient for him to have a box around his belly. Whenever he gets frightened, he hides inside his box. Clever, right!

PLASTIC PACKAGING
PLASTICO

It's always good to have a few plastic packages around, at least according to Plastico. Making innovations and new toys out of old plastic packages is a great deal of fun. And the best part of it is that when you collect and recycle plastic packages it turns into new plastic. It's like magic. Plastico can seem quite scary with his big eye and his horns but you shouldn't let his appearance fool you. He's actually very kind and even quite shy.

NEWSPAPERS
NEWSPAPY

Newspapy can read newspapers all day long. Crosswords, cartoons and yesterday's news - she happily reads all of it. Newspapy likes to be on her own. She can't think of nothing better than sitting down by her favourite tree while she's reading for hours and hours. If any of the other monsters comes by to interrupt her, she scares them off by shaking the yellow spikes on her back...frightening!

THE RECYCLING MONSTERS

GARDEN WASTE

STUMPY

Stumpy loves to wander around the forest, smelling the flowers and trees and just enjoying the nature. Wherever he goes he's always accompanied by his blue songbird. Stumpy collects leaves, twigs and flowers. The best part of it is that all the things he collects can turn into soil in which new flowers and trees can be planted. Isn't it great?

TEXTILE

TEXTILIA

Textilia collects shoes and clothes, both old ones and new ones. She gives away the finest pieces to anyone who might need it and the other textiles goes to recycling. The Flame really appreciates Textilia because she can take care of some things that The Flame had to deal with before.

PEE, POOP & TOILET PAPER

TOWALETT

Pee, poop and toilet paper are the only things that Towalett collects. With her five eyes, she looks for ugly flushes such as cotton buds, medications or wet wipes, these do not belong in the toilet. Using the toilet paper around her head, she throws the lasso and catches the ugly flushes and leaves it to one of the other monsters. On lazy days, Towalett is busy practicing her toilet dives, she stands on the toilet ring, flushes and dives into the toilet, then she gets a good ride from the flush and it becomes a quick and fun trip home to the treatment plant.

CORRUGATED PAPER

CORRUGATOR

Corrugated paper is a type of paper packaging with a wavy, or corrugated, paper. A lot of fragile shipments comes in corrugated paper and that's why Corrugator feels like a knight when he is protecting them. He loves reusing the old cardboard and often turns the old boxes into castles. Corrugator has always been a bit shy and doubtful of whether he is brave enough to be a real knight. But with the sword and the shield in his hands he is more courageous than ever before.
